# Fight colds where they start • in the throat -with LISTERINE

**Safe antiseptic kills millions of germs associated with sore throat and colds**

**D**ON'T go on suffering with heavy colds that undermine your strength. Don't put up with painful sore throats. Go after these conditions in the mouth, the only way.

## Kills germs in the throat

Listerine attacks the germs associated with colds and sore throats. It doesn't immediately stop coughing at high feverish millions of them in throat and mouth, before they have a chance to enter the body.

Since the early 1800's, the Listerine and Listerine have shown the comforting results that those who gargled with Listerine never stay or almost caught fewer colds than non-garglers.

However, when Listerine users did catch colds, their colds were milder and of shorter duration than those of nonusers.

## At the first sign of a cold

Start using Listerine today. As you can see, it is an intelligent precaution against cold infections. If you feel your throat getting sore, or a cold coming on, use Listerine more frequently—every 3 hours is recommended. Eastern Pharmaceutical Co., (Canada) Ltd., Toronto, Ontario.

## In the Editor's Confidence

STATISTICAL RECORDS show that Canadians among themselves are more than 100 times as likely to be killed by a car as by a train. This is a fact that should be taken into account by the government when it comes to the safety of the roads. The government should be more concerned about the safety of the roads than it is about the safety of the trains.

who did for the sake of a few more years in a world that was not a little better. These who were killed were not by the hands of the government, but by the hands of the people. The government should be more concerned about the safety of the roads than it is about the safety of the trains.

WITH THE exception of a few public and private groups, the government has been largely silent on the issue of the safety of the roads. The government should be more concerned about the safety of the roads than it is about the safety of the trains.

NOTWITHSTANDING THE fact that the government has been largely silent on the issue of the safety of the roads, the government should be more concerned about the safety of the roads than it is about the safety of the trains.

THE SECOND and last of the two parts of the book, "The Road to Nowhere," is a collection of stories that are as much about the road as they are about the people who travel on it.

THEY may be the most powerful and the most powerful of the two parts of the book, "The Road to Nowhere," is a collection of stories that are as much about the road as they are about the people who travel on it.

FOR MANY years the road has been a place of mystery and wonder. It has been a place where people have found themselves and where they have found others.

### The HEART of Your REFRIGERATOR

The whole value of your refrigerator depends on the heart. The heart of your refrigerator is the compressor. The compressor is the part of the refrigerator that makes the refrigerant circulate. Without the compressor, the refrigerator would not work.

# A Pleasing Gift for any Boy or Girl

**T**EXCRAFT is quite different to the ordinary crayon drawing set, that is why it is so popular with parents and children alike. It makes an ideal and inexpensive gift, one that is never discarded, as it provides endless interest to children, it stimulates their natural love of color, arouses their potential talent for art and inventiveness, and—a great boon to every parent—it keeps them happily and quietly engaged for hours on end.

It comprises ten large colored crayons and printed drawings of Circus Clowns, Nursery Rhyme Characters, Cowboys, Indians, Boys and Girls of other nations, Landscapes, Interiors, etc. Then there are embossed "pattern" cards which, laid under the sketches, enable the boy or girl to change them completely to beautifully colored finished drawings in any color and in any choice of pattern effect. Used in combination these patterns provide an endless variety of effects, which is the secret of Texcraft's success—there is always something new and different to be accomplished.

The whole outfit is contained in a strong, richly colored box, 16 in. by 12½ in. It makes a striking gift.

If your dealer cannot supply you, write direct, enclosing a money order for \$1.15, and a set will be mailed postpaid, to any address in Canada.

Duplicate sets of designs or refills of many new outlines are always available at 18c. per package, or two packages for 30c.
